Bill: HB 2106

Proponent: Written Testimony Only

Conferee: Mary Stang

Representing; Self

To Whom This May Concern, Committee Chairman and Committee Members,

My name is Mary Stang and I am a lifelong resident of Sedgwick County. I am writing this testimony as a proponent to HB 2106. I feel that no foreign country, national or individual, corporation or entity should have a hand in our elections either federal, state or county. Never allowing others that are not citizens or vested in the U.S.A or in our communities have a say in our elections that are to be fair and just and within the Constitution. I hope you will stand strong on these convictions and protect our Republic and our voting system.

The other issue mentioned in this bill is about campaign funds and how they are recorded. I do agree with having to be transparent on how much and from whom the servants campaign funds are collected. The only thing I have to add to that is in the last few elections there has been more small donations made to the candidates funds, so I feel that even small donations need to be made transparent so as to keep in the open who is funding and trying to persuade our potential representatives of We the People.

Sincerely,

Mary Stang
