HB2106

Proponent

Written Only

Chairman Proctor and Members of the committee,

I am submitting my proponent testimony for HB2106. This one is pretty straight forward. Foreign nationals or entities should not be allowed to fund campaigns for or against state constitutional amendments or any other bill for that matter. Foreign money needs to be kept out of state and local elections. I urge the committee to support bill HB2106.

Respectfully,

Brett Anderson
