HB2379

Opponent Written-only Testimony for hearing 3/13/2025

Conferee: Dale Enyart

Representing: Self

Chairman Kessler and Members of the Committee,

I'm providing Opponent Written-only Testimony for HB2379. This bill seems to be searching for a problem to solve. I oppose Hb2379 for numerous reasons.

First. It's a waste of law enforcement resources and taxpayer monies. In a time where we are promoting government efficiency, this creates bureaucracy and busy work. If an individual thinks they should place themselves on a list to be prohibited from purchasing a firearm, maybe they should try employing personal responsibility and not purchasing a firearm.

Second. What kind of liability would this open the Kansas, KBI, law enforcement, and Doctors to?

Third. I oppose ANY list, "voluntary" or not, of individuals approved or prohibited to purchase arms. Our Constitutions, both Federal and State, prohibit government infringement of the right of the People, to keep and bear Arms...Full Stop.

Fourth. This process, like many, could be abused and cause people to be pressured or coerced into participation by those in positions of power or influence.

We should not break the lock on Pandora's box. Please Oppose HB2379.

Thank you,

Dale Enyart
