

Written Proponent Testimony
In
House Health and Human Services Committee
On HB2069, school psychologist licensure compact
By
Leah Fliter, Assistant Executive Director of Advocacy
Kansas Association of School Boards

February 5, 2025

Mr. Chair and Members of the Committee,

KASB supports HB 2069 based on our member-approved legislative policies.

Our permanent policies state:

KASB supports providing school districts authority to address the health and wellness needs of students, and to help students meet and exceed the Rose capacity of student self- knowledge of physical and mental health.

Our 2025 State Resolution states:

Student and Staff Safety, Security, Health, and Well-Being

We support legislation action that will improve student safety, security, health, and well-being, including:

- Increasing support for the mental health needs of students and staff.

The interstate licensing compact envisioned in HB 2069 will help school districts recruit and retain licensed school psychologists who will help address mental health needs in our public schools. We urge the legislature to enact HB 2069.

Thank you.

KASB is a non-profit service organization built on an abiding belief in Kansas public schools. We have put the needs of students and K-12 leaders first since 1917.
