

Hello I am a blue river elem student. I come to ~~you~~ to speak for all children to protect them in school, school activities, and learning, because if you were in school and someone that has hurt people would you let them be, or stand up for the people, demanding an exp. that's why I'm standing up for all children.

Do you really think that I would want a ~~bad~~ bad person watching me for inappropriate reasons?

Do you really think that I want a bad person taking pictures of me and my friends while having fun at a ~~school~~ school dance for inappropriate reasons?

help protect us children while ^{we are} ~~we are~~ ~~children~~ trying to learn at a unprotected school, unprotected district, unprotected state

Sincerely a blue valley district student
