Bill: SB37

HB2025

Proponent Written-only Testimony

Conferee: Dale Enyart

Representing: Self

Chairman Bowers, Chairman Bergquist and Members of the
Committees,

My name is Dale Enyart. I'm a resident of Kingman County. I am providing Proponent testimony for SB37 and HB 2025. As a rural resident that lives within the zone addressed in this bill, I wholeheartedly support it. I have zero representation at the city level. I can not vote in the city elections for city positions or ballot questions. I can not run for an elected city position. It is unconscionable that a city that I have absolutely NO representation within and NO opportunity to use the ballot box to redress my grievances with, would have ANY say in how or what I do with MY property.

This bill will remedy an egregious attack on fundamental personal property rights. I implore you to support and advance this bill to correct a truly horrendous mistake that never should have been passed through our Legislature.

Thank You,
Dale Enyart
