

January 26, 2025

Dear Kansas House Representatives,

Please support these bills to repeal the Kansas 3 mile law allowing city zoning
3 miles into areas of unincorporated county

SB 37
HB 2025

Our family is a 6 generation Kansas farm family. We own over 5,500 of farm and pasture land in 3 counties in Kansas.

On behalf of my family, I urge you to support and vote for the bills mentioned above to repeal the Kansas 3 mile law.

The city desires to destroy portions of our agricultural land for industries that we do not want. America's food industry is built and dependent on agriculture and livestock production. Once destroyed, you can never get it back and soon this nation will depend on imported agricultural products and food supplies from other countries.

Again, I ask that you support these bills in the interest of county property owners who have trusted you to represent them in times like these.

Deanna Munson
