SB38

Proponent

Written Only

Chairman Thompson and Members of the committee,

I am submitting my proponent testimony for SB38. I strongly support this bill to protect the Kansas National Guard. The US government has overstepped its bounds the last couple decades and it's time to bring the power back to the states. This is a good place to start. Kansas needs its own servicemen to stand ready at the guard for when attacks may occur. Our servicemen do not need to be sent overseas to fight battles we have no business being in, especially when it seems like our nation has serious threats here on our own continent. Unless a congressional declaration of war has been signed, Kansas should have the ability to say no to federal government overreach in sending our troops overseas. I am okay with the governor being in charge of where the Guard may go within the boundaries of the United States under his or her discretion. Push back against the federal government overreach and support SB38.

Respectfully,

Brett Anderson

Republican Precinct Committeeman
