Viola Heskett on behalf of Kansans For Constitutional Integrity

Written testimony only: in FAVOR of SCR 1604

To the Honorable Mike Thompson, Chair of the Kansas Senate Federal and State Affairs Committee and all Senate members, Tory Marie Blew, Oletha Faust-Goudeau, William Clifford, Brenda Dietrich, Marci Francisco, Beverly Gossage, Michael Murphy, Brad Starnes, Adam Thomas, Caryn Tyson:

As a grassroots organization Kansans For Constitutional Integrity since forming in 2009 has watched the deterioration of our Constitutional Republic due to multiple and varied usurpations of powers and assaults by the federal government on the inalienable AND constitutionally guaranteed rights of its citizens.

The Founders of this nation foresaw that such abuses as they experienced leading to the institution this new government could easily rise within that new government. Thus, the thirteen States' representatives defined precisely the limited powers of the federal government. "We the People" consent to be governed. By election of the people The STATES are therefore the Governing Body of this nation. That includes YOU and all elected legislators in Kansas. YOU ARE our voice and YOURS IS THE RESPONSIBILITY to uphold the law of this land.

The framers provided a remedy when abuses developed to avoid the shedding of blood or military rectification:

AN ARTICLE V CONVENTION.

Since 1787 the US Congress has initiated the process to convene such a Convention resulting in twenty-seven Amendments; however, by definition this Article of the Constitution provides equal authority to call such a convention to either two thirds of both the Houses of the US Congress OR two thirds of the STATE LEGISLATURES. The time is

NOW for the States to call for an Article V Convention if this Republic, the United States of America, is to be preserved.

Therefore, Kansans For Constitutional Integrity submits its FULL SUPPORT for an ARTICLE V Convention as defined in SCR 1604 and as its representative I implore each of you to vote in favor of this Concurrent Resolution.

Respectfully,

Viola Heskett
