SB105

Proponent

Written Only

Chairman Thompson and Members of the Senate Committee on Federal and State Affairs

I am submitting my opponent testimony for SB105

I firmly do NOT support this bill as it strips voter input and removes the voice of the people to fill vacancies for US Senate, State Treasurer, and Commissioner of Insurance consolidating power with the legislature. This raises concerns about partisanship and backroom deals

This bill does not represent the people's interests to ensure a fair and transparent process. A legislative -appointed replacement could serve nearly a full term without ever being chosen by voters.

Respectfully

Tammy Minihan
Republican Precinct Committeewoman
Sedgwick County
