SB254
Proponent
Written Only

Chairman Thompson and Members of the Fed State Affairs Committee

I am submitting my proponent testimony for SB254

This bill will help prevent ineligible individuals from receiving taxpayer-funded benefits and help ensure individuals facing serious charges do not evade justice.

Bill SB254 ensures that tuition benefits are directed toward US citizens and LEGAL residents, not those in our country unlawfully and supports policies that promote legal entry and residency.

Providing benefits to individuals that are not here legally imposes costs on state and local governments, which are ultimately paid by Kansas taxpayers.

Thank-you
