

SESSION OF 2025

**SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2169**

As Recommended by House Committee on  
Transportation

**Brief\***

HB 2169 would amend statutes authorizing issuance of certain specialized license plates to military veterans to align requirements with statutory changes made in 2024 that standardized definitions and qualifications in multiple statutes with regard to benefits to veterans.

The bill also would remove a requirement that an application for license plates authorized for those in active military service or separated from it be made not less than 60 days before the applicant's registration renewal date.

The provisions would apply to a license plate available to members or veterans of all branches of the U.S. military and the Merchant Marines (all-branch plate) and to license plates specific to the branch of service: Army, Navy, Marine Corps, Air Force, Coast Guard, and Space Force.

The bill would authorize issuance of these specialized license plates to U.S. military veterans who were released or discharged under an honorable discharge or a general discharge under honorable conditions, and it would amend provisions regarding proof of military service to clarify the acceptable forms of proof.

The bill would amend the statute establishing the all-branch plate to require, rather than allow, proof of veteran military status to be shown by presentation of a Kansas driver's license with a "VETERAN" designation (as allowed in

continuing law) or a copy of the veteran's DD form 214, NGB form 22, or an equivalent discharge document as permitted by the Director of Vehicles, Kansas Department of Revenue (KDOR), showing character of service as honorable or general under honorable conditions.

Statutes for license plates specific to a branch of military service would be amended to remove references to proof of service as authorized in rules and regulations of the Secretary of Revenue and to reference the requirements in the statute establishing the all-branch license plate. The bill also would replace "was honorably discharged" with "under an honorable discharge or general discharge under honorable conditions" in the statutes authorizing specific-branch military license plates.

## **Background**

The bill was introduced by the House Committee on Transportation at the request of a representative of KDOR.

### ***House Committee on Transportation***

In the House Committee hearing, a KDOR representative provided **proponent** testimony, stating the bill would align the definitions of "veteran" in these statutes with changes enacted in 2024 HB 2760, a bill that, among other things, established common definitions of "veteran" across statutes administered by various agencies. Among the 2024 HB 2760 amendments were those to definitions in statutes regarding eligibility for disabled veteran license plates and the placement of "VETERAN" on a driver's license or KDOR-issued identification card.

No other testimony was provided.

## **Fiscal Information**

According to the fiscal note prepared by the Division of the Budget on the bill, KDOR indicates the bill's enactment would increase expenditures by \$1,200 to update various agency forms, policies, and procedures. Any fiscal effect associated with enactment of the bill is not reflected in *The FY 2026 Governor's Budget Report*.
