

SESSION OF 2025

SUPPLEMENTAL NOTE ON SENATE BILL NO. 227

As Amended by Senate Committee on
Commerce

Brief*

SB 227, as amended, would increase tax credit amounts allowed for preservation of historic structures and make changes to the conditions under which different credit amounts are allowed.

Under continuing law, credits are equal to a percentage of qualified expenditures for the preservation or renovation of a historic structure, in an amount determined by the level of investment and the location or type of project.

The bill would authorize credits as follows:

- 25 percent for a project in a city with a population of more than 50,000 and qualified expenditures of at least \$5,000 up to \$50,000; and
- 40 percent for a project:
 - In a city with a population of more than 50,000 and qualified expenditures exceeding \$50,000;
 - In a city, township, or unincorporated area with a population of less than or equal to 50,000 and at least \$5,000 in qualified expenditures; or
 - With at least \$5,000 in qualified expenditures if the structure does not produce income and is exempt from federal income tax pursuant to

*Supplemental notes are prepared by the Legislative Research Department and do not express legislative intent. The supplemental note and fiscal note for this bill may be accessed on the Internet at <https://klrd.gov/>

section 501(c)(3) of the Federal Revenue Code.

[*Note:* Current law authorizes credits in amounts of 25, 30, or 40 percent, depending on the project. The bill would increase the credit amount for tax-exempt structures from 25 to 40 percent and restructure the other conditions and corresponding credits amounts in current law.]

Background

The bill was introduced by the Senate Committee on Commerce at the request of Senator Alley.

Senate Committee on Commerce

In the Senate Committee hearing, **proponent** testimony was provided by representatives of Clock Tower, LLC; Klaton Properties, LLC; Emporia Main Street; and Friends of Historic Preservation. The proponents generally stated the historic preservation credit has been an important tool for incentivizing the preservation of historic structures and provides ongoing social and economic benefits to the state. Proponents indicated that increasing the credit amounts would lead to greater participation and projects in more communities being preserved.

Written-only proponent testimony was provided by the City Manager of Dodge City and representatives of Finney County Economic Development Corporation; Falk Architects, Inc.; and Historic Jayhawk Theatre.

No other testimony was provided.

The Committee amended the bill to include townships and unincorporated areas among locations within which projects could be eligible for the credit.

Fiscal Information

According to the fiscal note prepared by the Division of the Budget on the bill as introduced, the Department of Revenue estimates enactment of the bill would decrease revenues to the State General Fund (SGF) by \$600,000 in FY 2026, by \$1.9 million in FY 2027, and by \$3.1 million in FY 2028. It indicates the bill would require \$5,400 from the SGF in FY 2026 to implement.

The Kansas Insurance Department indicates enactment of the bill could have the effect of reducing insurance premiums tax collections, of which 99 percent is distributed to the SGF and 1 percent to the Insurance Service Regulation Fund.

Any fiscal effect associated with enactment of the bill is not reflected in *The FY 2026 Governor's Budget Report*.
