AGENCY OVERVIEW

The Kansas Dental Board was established in 1943 to enforce the Dental Practices Act, KSA 65-1420 to 65-1469. The Board licenses qualified candidates desiring to practice dentistry or dental hygiene in Kansas, administers examinations, and issues credentials to applicants according to the licensure regulations. The Board also issues sedation permits to dentists and extended care permits to hygienists.

The Board conducts inspections of licensees to ensure compliance with sanitary and other regulations and investigates complaints of incompetence, negligence, illegal practice, and other violations of the Dental Practices Act. When warranted, administrative hearings are held and the Board is empowered to suspend, restrict, or revoke the license of the practitioner.

The stated mission of the Board is to protect the public health, safety, and welfare through licensure, regulation, inspection, investigation, and professional enforcement of the dental and dental hygiene professions.
