AGENCY OVERVIEW

The Lansing Correctional Facility (LCF), authorized by the *Kansas Constitution* in 1859 as the Kansas State Penitentiary, is the State's largest facility for the incarceration and rehabilitation of male offenders at the minimum-, medium-, and maximum-custody levels. In 1990, the name of the facility was changed to Lansing Correctional Facility.

The 2017 Legislature authorized construction of new units at LCF. Subsequently, the State Finance Council approved plans for a 20-year lease-purchase agreement totaling \$362.2 million for construction of a 1,920-bed medium- and maximum-security unit and a 512-bed minimum-security unit. Construction was completed in FY 2020 and the transition of inmates to these new units was accelerated in response to the COVID-19 pandemic, as the new units offered more individualized cells, modern air-circulating systems, and more adequate medical facilities. Vacated structures from the old facility remain on site.

LCF also houses on its grounds the Kansas Correctional Industries (KCI) headquarters, as well as many of the KCI manufacturing shops.

The total operating capacity of LCF in FY 2025 is 2,432 beds.
