Greetings Federal and State Affairs Committee members,

Today, I am bringing to the committee over 2,000 letters from the Wichita area community who oppose the anti-immigration bills which are; HB 2026, HB 2223, HB 2522, HB 2492, HB 2578 HB 2577, HB 2576 and HB 2575. In their letters they stressed they feel these bills will put a burden on all citizens, children, and undocumented people. They don't want Kansas to become an economically deprived state like Alabama and believe these bills will only bring devastation to our communities.

Personally, I feel these anti-immigration bills will threaten not only my pursuit of happiness but my civil rights as an individual. I believe these bills firsthand single out the minority community. I feel like we are going back in time and history is repeating itself. Thank you for your time and please support us in voting against these anti- immigration bills.

Sincerely,

A handwritten signature in black ink that reads "Ponka-We". The signature is written in a cursive, slightly stylized font.
