Re: Amendment to SB277

Dear Chair Brunk and Committee Members:

This amendment would change the eligibility requirement for a distributorship license to provide that one member of the copartnership would have to meet the citizenship and residence requirements in KSA 41-311. This would make distributorship licenses more consistent with the requirement for manufacturers. The Kansas ABC favors the move to more consistent requirements.

Respectfully submitted,

A handwritten signature in cursive script that reads "Pat".
