

HB 2607 – Proponent Testimony

March 1, 2012

Presented by

Representative Terry Calloway from the 3rd District

Good afternoon, Committee. **HB 2607** is identical to the law, which was in effect, until 2009, when such legislation was sunsetted. Any exceptions to the previous legislation might be updated references and / or a sunset clause. A sunset clause if needed, can be added to this legislation at some time in the future. In closing, I support this bill as it helps business in Kansas.
