January 27, 2012

Mr. Chairman and Members of the Senate Transportation Committee,

Please pass Resolution 1805 supporting livable streets policy.

Today more than ever we need to enable exercise as well as safety. Complete streets is a step in the right direction! Whatever investment is made towards this cause will be saved tenfold in public health. This resolution is a no brainer, please help Kansas be a leader and not drag the field in what is right for the health of all.
