To: Members, Senate Ways and Means Committee

During my presentation on recent performance audits during last Wednesday's committee meeting, Senator Francisco asked me to clarify some information regarding the Affordable Airfares report. There was a misprint in the audit highlights for that report, which also appears on page 49 of our annual report. The correct information should read as follows:

*In 2002 average round trip airfares in Wichita were more than 20% above the national average. Fares have fluctuated over the years in relation to the national average. By 2009, the average fare in Wichita was about 5% **above** the national average. [Annual Report to the 2012 Legislature, p.49]*

Please feel free to call me if you have any questions, or if there is anything else I can do for you.

Sincerely,

Scott Frank
Legislative Post Auditor
