Subject: RE: Follow-up

Jan,

Statutory authority establishing the Joint Committee on Information Technology is dated 1992.

A request was made to the Revisor of Statutes Office, and detail was provided that the Committee has introduced 3 bills since 2005.

Please let me know if you have any additional questions regarding,
Aaron

Importance: High

Jan,

I'm going to forward to Aaron K – he has staffed JCIT for the last several years and will have that answer.

Subject: Follow-up

There was a question concerning the Division of Legislative Post Audit, during the hearing on SB 254 – legislative post providing for information technology audits. Senator McGinn asked how long the JCIT has existed, and whether the JCIT has produced any bills.

Jan Lunn, Committee Secretary
Senate Ways and Means Committee
