The Honorable Pat Colloton, Chairperson
House Committee on Corrections and Juvenile Justice
Statehouse, Room 167-W
Topeka, Kansas 66612

Dear Representative Colloton:

SUBJECT: Fiscal Note for HB 2699 by House Committee on Judiciary

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2699 is respectfully submitted to your committee.

HB 2699 would expand the penalties for the crimes of furnishing alcoholic liquor or cereal malt beverages to minors and furnishing alcoholic beverages to minors for illicit purposes. For first violations of furnishing alcoholic liquor or cereal malt beverages to minors, the fine would be increased from \$200 to \$500. The new fines for second and third or subsequent violations would be \$750 and \$1,000, respectively. In addition to other penalties provided by current law, courts would be permitted to order offenders to either perform 40 hours of public service or attend and satisfactorily complete a suitable educational or training program dealing with the effects of alcohol or other chemical substances.

Upon an offender's first conviction, courts would be required to order the Department of Revenue Division of Vehicles to suspend the offender's driving privileges for 30 days. Upon a second conviction, an offender's privileges would be suspended for 90 days and upon a third or subsequent conviction, an offender's privileges would be suspended for one year.

The Office of Judicial Administration indicates that while enactment of HB 2699 would not cause an increase in expenditures for the courts, the bill could increase the amount of revenue received from fines for convictions of furnishing alcoholic beverages to minors. However, the Office is unable to determine a precise estimate of the additional revenues because it is not possible to predict the number of cases that would be affected by the bill's passage.

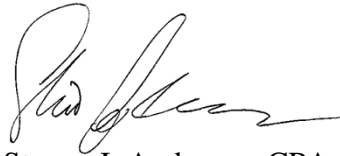

The Honorable Pat Colloton, Chairperson
