Be it enacted by the Legislature of the State of Kansas:

Section 1. All qualifying pipeline property actually exempted from property taxation pursuant to K.S.A. 2010 Supp. 79-227, and amendments thereto, that is used or to be used primarily for transportation of crude oil or oil byproducts, not including natural gas liquids, shall pay a payment in lieu of tax in the amount of 3% of the qualified investment as defined by K.S.A. 2010 Supp. 79-32,223, and amendments thereto. The amount of such tax shall be annually calculated by the director of property valuation and certified to the county clerk of each county in which such exempt pipeline is located on or before July 1 on a pro rata basis where the numerator is the number of miles of exempt pipeline in the county and the denominator is the number of exempt miles of pipeline in the state. The director of property valuation shall annually adjust the amount of the qualified investment as defined by K.S.A. 2010 Supp. 79-32,223, and amendments thereto, by the annual percentage change in the total for finished goods in the producer price index for the preceding calendar year as published by the bureau of labor statistics of the United States department of labor. The county clerk shall include the amount certified by the director of property valuation in calculating the final tax levy rate as required by K.S.A. 2010 Supp. 79-1803, and amendments thereto, and the taxes imposed by this section shall be billed and collected in the same manner that property taxes are billed and collected. The provisions of this section shall apply to pipeline property in which construction commenced on or after February 14, 2011.

Sec. 2. This act shall take effect and be in force from and after its publication in the Kansas register.
