

Disclosure of Discovery; HB 2468

HB 2468 concerns discovery in a criminal prosecution and requires a defendant who seeks discovery and inspection to provide to the prosecutor within 30 days of trial a summary or written report of what any expert witness intends to testify, including the witness' qualifications, options, and the bases and reasons for such opinions. Further, the bill requires all disclosures to be made at the times and in the sequence directed by the court and, absent other directions from the court or stipulation by the parties, made as provided in the statute amended by the bill.
