

## **Repeal of Statute on Recording of Farm Names; HB 2668**

**HB 2668** repeals the statute concerning the recording of farm names. KSA 19-322 allowed a farm owner to record the farm name in a register kept by the county clerk of the county where the farm is located, after payment of a one dollar fee to the clerk. Under the statute, the farm owner was provided a certificate with the name and location of the farm and the owner's name. Duplicate farm names were not allowed in the same county under the statute.
