

SESSION OF 2011

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2128

As Amended by House Committee on
Elections

Brief*

HB 2128 would prohibit candidates running for public office from appearing in public service announcements or having their name appear in public services announcements paid for with government funds, or certain specified private funds, within 60 days of any election (primary or general). These prohibitions would extend to both electronic and print media; however, the regularly used website and regularly used print material of the office would be excluded.

Background

The Kansas State Treasurer testified that the difference between public service announcements and campaign commercials had been blurred during election season as candidates carried out their statutory duty while also attempting to help themselves win re-election. He stated this bill would allow the office to continue to promote and administer its statutory duties without directly referencing the candidate.

There was no opponent testimony.

The House Committee on Elections amended the bill to clarify that private funds that currently are sponsoring government programs could not be used to fund public service announcements under this law.
