

SESSION OF 2012

**SUPPLEMENTAL NOTE ON SUBSTITUTE FOR SENATE  
BILL NO. 283**

As Recommended by Senate Committee on  
Judiciary

**Brief\***

Sub. for SB 283 would amend the statute governing sheriffs' fees to implement a single \$15 fee for the service, execution, and return of any process, as well as for any unsuccessful attempts at the same. A single fee would cover more than one process for different persons at the same address in the same case, if in the hands of the sheriff at one time. Where return is not made pursuant to KSA 60-312 or KSA 61-3005, there would be no charge for subsequent processes as required to effect service and the return of service. The bill would define "process" as any summons, alias summons, pleading, writ, order, notice, or any other paper issued by a court clerk.

**Background**

SB 283 was introduced by the Senate Judiciary Committee at the request of the Kansas Association of Chiefs of Police (KACP), Kansas Sheriffs Association (KSA), and Kansas Peace Officers Association (KPOA). In the Senate Judiciary Committee, the Pratt County Sheriff and representatives of the Sedgwick County Sheriff's Office and Ford County Sheriff's Office spoke in support of the bill. The Kansas Association of Counties submitted written testimony supporting the bill.

\*Supplemental notes are prepared by the Legislative Research Department and do not express legislative intent. The supplemental note and fiscal note for this bill may be accessed on the Internet at <http://www.kslegislature.org>

Opponents of the bill whose representatives spoke before the Senate Judiciary Committee were the League of Kansas Municipalities, Credit Management Services, Child Support Enforcement Program of the Department of Social and Rehabilitation Services (SRS), YoungWilliams Child Support Services, Kansas Credit Attorney Association, SCL Health System, and the Kansas Hospital Association. An SRS contract attorney submitted written testimony opposing the bill.

The Committee recommended a substitute bill be passed. The substitute bill reduced the flat fee from \$30 to \$15, removed language in the original bill narrowing an exemption for the State of Kansas and municipalities within the state, gave the sheriff authority to designate the form of combined payment, and clarified the organization and language of the original bill.

The revised fiscal note on the original bill indicated that SRS estimated the bill would require additional expenditures of more than \$1.6 million, with \$565,488 being paid from the State General Fund and \$1,097,712 being paid from federal funds. SRS also anticipated lower collections and performance incentive receipts from the federal government, but it could not estimate a more precise impact at the time of the fiscal note.

The Kansas Association of Counties indicated the original bill would increase county expenditures due to charges for services previously received at no charge, but the Association was unable to provide a more precise estimate of the fiscal effect.

There is no fiscal note available for the substitute bill.
