

GAMING REVENUES

The Kansas Lottery historically has generated revenue for the state through the sales of lottery tickets and online games most of which is deposited in the Economic Development Initiatives Fund (EDIF). With the passage of 2007 SB 66, the Kansas Lottery will begin transferring new revenue to the state Expanded Lottery Act Revenue Fund that will be in addition to the traditional (or old) lottery revenue (EDIF). The new lottery revenue (ELARF) will be generated by fees and gaming at race track and casino facilities authorized by 2007 SB 66.

Expanded Lottery Act Revenues Fund (ELARF) Overview

KSA 74-8768 provides that the ELARF funding shall be used for "...reduction of state debt, state infrastructure improvements, the university engineering initiative act, reduction of local ad valorem tax, and reduction of the unfunded actuarial liability of the system attributable to the state of Kansas and participating employers under K.S.A. 74-4931, and amendments thereto, by the Kansas public employees retirement system." Revenue to the fund is derived from the distribution of receipts from race track gaming facilities and lottery gaming facilities, and from one-time gaming machine privilege fees and one-time lottery gaming facility privilege fees.

Kansas law requires that the first \$10.5 million credited to the ELARF fund each year be transferred to the engineering funds of the University of Kansas, Wichita State University and Kansas State University in equal amounts of \$3.5 million. The Act was further amended to require that 50.0 percent of revenue credited to the ELARF shall be transferred to the KPERs Trust Fund, commencing quarterly transfers in FY 2014, after other obligations totaling \$10.5 million have been met.
