

February 18, 2013

Chairman Marvin Kleeb  
House Commerce Committee

Reference: HB2027

The Kansas Auctioneers Association has no opposition to HB2027 in its current form.

The KAA would encourage this committee to continue to include as an exception to the reporting requirements of this bill the “sale of goods by auction or purchase of goods for resale by auction”.

It is the position of our association that the failure to include “sale of goods by auction or purchase of goods for resale by auction” as an exemption to HB2027 would create an undue hardship on our members and the general public.

Respectfully,  
Richard H. Garvin  
President, Kansas Auctioneers Association
