Honorable Representative Alen H. Siegfried, Chairman,

and other distinguished members of the House Fed and State Affairs Committee.

SUBJECT: Written Testimony in SUPPORT of HB 2324 – Prolife Heartbeat Protection

Please support the Heartbeat Protection bill, HB 2324. The future citizens of Kansas who are waiting to be born can't speak for themselves. Please take a stand and speak for them. Little ones shouldn't face death because of their size, location, or temporary inability to defend or care for themselves.

These future citizens of Kansas are depending on us to protect them. Please take a stand on their behalf. I ask that you quickly move HB 2324 to the floor of the House

Please feel free to contact me.

Respectfully,

Valerie Larson
