Kansas House of Representatives

RE: HB 2324 – Pro-Life Heartbeat Protection Bill

Dear Hon. Chair and Committee Members,

I am writing in support of the Pro-Life Heartbeat Protection Bill – HB 2324.

I am unable to appear in person due to my work schedule, but would like to submit my written testimony in support of the bill for consideration by the committee.

As a Pro Life Advocate, I feel that this bill has the best chance of meeting and overcoming the challenges it will face in the U. S. Supreme Court. It is a common sense approach to a very sensitive issue. The heartbeat is the essence of the existence of life and using it as the baseline makes the issue clearer.

Please support this bill, HB 2324 and continue to provide protection to our most vulnerable and innocent citizens. Thank you for your consideration and support.

Sincerely,

Cindy Parker
