

Memorandum

HB 2183

- We support HB 2183.
- Updates the disease list in accordance with OSHA and the CDC.
 - Also the updates to Ryan White law.
- Formalizes the process for disease notification.
 - Promotes a better communication process between agencies.
 - Streamlines a process for more rapid testing of source subjects.
- Will assist in cost saving efforts for agencies to either not test or to not begin treatment unless necessary.
- Discussion
 - Educational offerings.
 - Past incidents in relation to proposed HB 2183.
