

February 1, 2013

The Honorable Lance Kinzer, Chairperson  
House Committee on Judiciary  
Statehouse, Room 165-W  
Topeka, Kansas 66612

Dear Representative Kinzer:

**SUBJECT:** Fiscal Note for HB 2116 by House Committee on Judiciary

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2116 is respectfully submitted to your committee.

HB 2116 allows for electronic filing of service of process. The bill would leave the choice of the method and system to accomplish electronic filing to the Chief Judge of each district.

According to the Office of Judicial Administration, passage of HB 2116 would have no fiscal effect on the agency budget. The Office is unable to accurately assess the fiscal effect that passage of the bill would have on local governments, but does not expect that implementation of such a system would be a large expenditure.

Sincerely,

Steven J. Anderson, CPA, MBA  
Director of the Budget
