

MEADE COUNTY LANDFILL

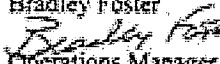

Date: Wednesday, February 06, 2013

TO: Mike Tabor  
From: Bradley Foster  
RE: Legislation HB No. 2072

Dear Mike,

Meade County is very concerned about this Bill that legislation is trying to enact. If this comes to pass; it will affect Meade County greatly. We will have to haul to a further distance. This will put Meade County in a position to where we will have to purchase more equipment and man power along with increasing our rates. We (Meade County) do believe this Bill will hurt us and tremendously; Maybe even put us out of business and men will lose there jobs. So Meade County encourages you and your commissioners and others that this Bill will involve, to go before legislation and get this Bill off of the table. Seward County Landfill and staff have treated Meade County very well these past 22 years. Meade County will help in any way we can.

Bradley Foster  
  
Operations Manager
