Kansas License # A-1392
USDA License # 48-A-2003

We have had a kennel for 6 years now.

We believe the Senate Bill #57 proposed fee increases are unreasonable and excessive. If short on fees maybe we could do without an inspector or 2. Not raise the fee. Allow the Advisory Board as to safely cut and keep the program going.

Charging 2 fees just to make up extra income is unreasonable. This is a Premises inspection program, one fee, one license and one inspection.

ONE INSPECTION, ONE FEE!

Do not allow the AG Department to choose the Advisory Members. Let the people chose three names from their organizations to submit to the Governor for the appointment.

This way the PEOPLE voice is heard.

Sincerely,

Senate Agriculture Committee
