

Senate Public Health and Welfare Committee

Testimony on House Bill 2153
from the Kansas Pharmacists Association

Submitted by Mike Larkin, KPhA Executive Director

March 21, 2013

Chairman Pilcher-Cook and Members of the Committee:

Thank you for allowing the Kansas Pharmacists Association to provide testimony today on House Bill 2153 concerning the utilization of unused medications in Kansas. The Kansas Pharmacists Association is a state professional society of pharmacists, united for, and dedicated to, the advancement and promotion of quality public health. The Kansas pharmacists Association is the only state-wide association in Kansas that represents Kansas pharmacists in all practice settings.

The Kansas Pharmacists Association is neutral on this bill as written.

We appreciate the opportunity to provide this testimony. Thank you.
