NATURAL RESOURCES

March 12, 2013

Honorable Mike Petersen and the Transportation Committee:

I would like to express my sincere appreciation for taking my testimony today on HB 2176.

Representative Barker, drafter of the bill, and the Eisenhower Foundation requested that I submit an amendment to remove the provision for motorcycle license plates.

I would certainly appreciate your consideration and passage of the bill as amended.

Sincerely,

Senator Tom Arpke
District 24
Saline and Dickinson County
