

SESSION OF 2014

**CONFERENCE COMMITTEE REPORT BRIEF  
HOUSE BILL NO. 2580**

As Agreed to May 1, 2014

**Brief\***

HB 2580 would authorize the Kansas Real Estate Appraisal Board to begin fingerprinting certain individuals seeking licenses. Specifically, the Board, in order to perform state and national criminal history records checks, would be allowed to require individuals to be fingerprinted, including:

- Any individual seeking an original license or certification; licensure by reciprocity or endorsement; or renewal of a license or certification; or
- A currently licensed or certified individual, if necessary, to investigate a complaint, or if required by the Appraisal Subcommittee.

Local and state law enforcement officers and agencies would be required to assist the Board by taking and processing fingerprints of applicants and by releasing records of adult convictions to the Board. Local law enforcement agencies would be permitted to charge a fee as reimbursement for expenses incurred in taking and processing fingerprints.

The bill also would amend current law requiring that a state certified or licensed appraiser must comply with the Uniform Standards of Professional Appraisal Practice, adding reference to the 2014-2015 edition, or with such standards in later versions, as established in rules and regulations by the

Board.

### **Conference Committee Action**

The Conference Committee agreed to delete the contents of HB 2580 and to insert the House version of SB 352, as amended by the House Committee on Federal and State Affairs, to address new applicants for real estate appraisal licensing.

### **Background**

HB 2580 originally addressed the State Fire Marshal and reimbursements for regional emergency response teams.

### ***SB 352 Background***

The provisions from SB 352 would revise the licensing procedure for all new applicants for licenses issued by the Real Estate Appraisal Board. The Executive Director of the Kansas Real Estate Appraisal Board spoke in favor of the bill that was requested by the Board. It was noted, pursuant to new federal standards, if a state licensing agency does not begin fingerprinting and performing criminal background checks on new license applicants by January 1, 2015, the Board (the state licensing agency) would be out of compliance with the new federal requirements, and anyone issued a new license in Kansas after January 1, 2015, would not be able to perform appraisals involving federally related housing transactions.

The Executive Director noted the bill is necessary in order to comply with the new federal requirements adopted by the Appraiser Qualifications Board and the Appraisal Subcommittee of the Federal Financial Institutions Examination Council, both of which have authority over state appraisers' licensing and qualifications.

No other conferees appeared before the Senate Committee on Federal and State Affairs regarding this bill.

The Senate Committee of the Whole amendment would clarify that the Board through rules and regulations could update a reference to later versions of the 2014-2015 edition of the Uniform Standards of Professional Appraisal Practice promulgated according to federal law.

At the hearing before the House Committee on Federal and State Affairs, the Executive Director of the Kansas Real Estate Appraisal Board and a representative from the Kansas Association of Realtors appeared as proponents of the bill. A representative of the Kansas Association of Chiefs of Police, Kansas Sheriffs Association, and the Kansas Peace Officers Association presented neutral testimony on the bill and expressed concern over the potential costs the bill would impose on local law enforcement agencies.

The House Committee on Federal and State Affairs amended the bill by adding a provision allowing local law enforcement officers and agencies to charge a fee as reimbursement for expenses incurred in taking and processing fingerprints.

The fiscal note indicated all new fees for fingerprinting and criminal history checks would be paid by the license applicants directly to the Kansas Bureau of Investigation (KBI), and the Board stated the bill would have no net fiscal effect on the agency. The KBI was unable to estimate the fiscal effect the passage of the bill would have on the agency, according to the fiscal note.
