

STATE OF KANSAS

SENATE CHAMBER

MADAM PRESIDENT:

I move to amend **HB 2047**, as amended by Senate Committee, on page 2, following line 29, by inserting:

"New Sec. 2. (a) The provisions of this section shall be known as the preservation of the American dream act.

(b) For any law enacted by the Kansas legislature that reduces tax receipts from any direct revenue source excluding residential real property and results in a reduction of revenue that impacts local units of government, or reduces state revenue sharing with local units of government, the division of budget shall publish in every official county newspaper by bill number the final action roll call votes from both the Kansas senate and the Kansas house of representatives, along with the following explanation:

"By reducing tax receipts providing a direct revenue source or revenue sharing with local units of government, ( \_\_\_\_ Bill No. \_\_\_\_ ) will most likely result in increased residential property taxes. Here are the final action votes from the Kansas legislature. This bill was signed into law by the Governor on (date).";

And by renumbering sections accordingly;

On page 1, in the title, in line 1 by striking "property"; in line 2, after "revenues;" by inserting "legislative effect on local units of government, notice;"

Senator \_\_\_\_\_
