5 *Be it enacted by the Legislature of the State of Kansas:*

6 New Section 1. (a) (1) Any individual or group health insurance
7 policy, medical service plan, contract, hospital service corporation
8 contract, hospital and medical service corporation contract, fraternal
9 benefit society or health maintenance organization which provides
10 coverage for accident and health services and which is delivered, issued
11 for delivery, amended or renewed on or after July 1, 2013, shall provide
12 coverage for the diagnosis and treatment of autism spectrum disorder in
13 any covered individual whose age is less than 19 years.

14 (2) Such coverage shall be provided in a manner determined in
15 consultation with the autism services provider and the patient. Services
16 provided by autism services providers under this section shall include
17 applied behavior analysis when required by a licensed physician, licensed
18 psychologist or licensed specialist clinical social worker but otherwise
19 shall be limited to those services prescribed or ordered by a licensed
20 physician, licensed psychologist or licensed specialist clinical social
21 worker. Services provided pursuant to this paragraph shall be those
22 services which are or have been recognized by peer reviewed literature as
23 providing medical benefit to patients with autism spectrum disorder.

24 (3) Coverage for benefits for any covered person diagnosed with
25 autism spectrum disorder and whose age is between birth and less than
26 seven years shall not exceed \$36,000 per year.

27 (4) Coverage for benefits for any covered person diagnosed with
28 autism spectrum disorder and whose age is at least seven years and less
29 than 19 years shall not exceed \$27,000 per year.

30 (5) Reimbursement shall be allowed only for services provided by a
31 provider licensed, trained and qualified to provide such services or by an
32 autism specialist or an intensive individual service provider as such terms
33 are defined by the Kansas department for aging and disability services
34 Kansas autism waiver. Reimbursement for services provided by an autism
35 specialist shall include services provided via telehealth methods.

36 (6) Any insurer or other entity which administers claims for services

1 provided for the treatment of autism spectrum disorder under this section,
2 and amendments thereto, shall have the right and obligation to deny any
3 claim for services based upon medical necessity or a determination that the
4 covered individual has reached the maximum medical improvement for the
5 covered individual's autism spectrum disorder.

6 (7) Except for inpatient services, if an insured is receiving treatment
7 for autism spectrum disorder, such insurer shall have the right to review
8 the treatment plan annually, unless the insurer and the insured's treating
9 physician or psychologist agree that a more frequent review is necessary.
10 Any such agreement regarding the right to review a treatment plan more
11 frequently shall apply only to a particular insured being treated for autism
12 spectrum disorder and shall not apply to all individuals being treated for
13 autism spectrum disorder by a physician or psychologist. The cost of
14 obtaining any review or treatment plan shall be borne by the insurer.

15 (8) No insurer can terminate coverage, or refuse to deliver, execute,
16 issue, amend, adjust, or renew coverage to an individual solely because the
17 individual is diagnosed with or has received treatment for autism spectrum
18 disorder.

21 and evaluation of environmental modifications, using behavioral stimuli

24 functional analysis of the relationship between environment and behavior.

25 (2) "Autism spectrum disorder" means any of the pervasive
26 developmental disorders or autism spectrum disorders as defined by the
27 diagnostic and statistical manual of mental disorders volume 5 (DSM 5)

29 editions as established in rules and regulations adopted by the behavioral
30 sciences regulatory board pursuant to K.S.A. 74-7507, and amendments
31 thereto, except that if a person was diagnosed with either a pervasive
32 developmental disorder or an autism spectrum disorder while a previous

34 existence at the time of diagnosis, then that edition of the diagnostic and
35 statistical manual of mental disorders shall control.

36 (3) "Diagnosis of autism spectrum disorder" means any medically
37 necessary assessment, evaluation or test to determine whether an

41 diagnostic and statistical manual of mental disorders available at the time
42 of diagnosis, then that individual shall not be required to undergo any
43 additional or repeated evaluation based upon the adoption of a subsequent

1 edition of the diagnostic and statistical manual of mental disorders adopted
2 by rules and regulations of the behavioral sciences regulatory board in
3 order to remain eligible for coverage under this section.

4 (d) Except as otherwise provided in subsection (a), no individual or

21 public law 111-148, the specific benefits that exceed the required essential
22 health benefits shall not be required of a "qualified health plan" as defined
23 in PPACA when the qualified health plan is offered in this state through
24 the exchange by a health carrier. Nothing in this subsection shall nullify
25 the application of this section to plans offered outside the state's exchange.

26 (f) The provisions of this section shall not apply to any policy or
27 certificate which provides coverage for any specified disease, specified
28 accident or accident-only coverage, credit, dental, disability income,
