

Concealed Carrying and Licensing Requirements, Firearm Law Compliance for Certain Individuals; SB 21

SB 21 enacts the following changes to firearms-related statutes:

- Clarifies that the expungement of a prior felony conviction does not relieve the individual of complying with any state or federal law relating to the use, shipment, transportation, receipt, or possession of firearms by a person previously convicted of a felony;
- Authorizes official recognition of any valid concealed carry permit from another state for individuals traveling through or visiting Kansas;
- Requires issuance of a 180-day receipt from the Attorney General for a new Kansas resident who possesses a permit from another state and who is required to obtain a Kansas license. This receipt is required to be carried along with the license from the original jurisdiction. The license from the original jurisdiction has to meet or exceed the Kansas requirements for concealed carry. Prior to the expiration of the 180-day receipt, the applicant needs to provide proof of training to the Attorney General's Office. Following a successful background check and receipt of documentation and fees, the application is approved for a Kansas concealed permit; and
- Makes other technical changes to existing law.
