*KBA Privatization and Medicaid Step Therapy requires enacting legislation.

KDOT Transfers do not include ordinary or extraordinary transfers to agencies.

Aid to K-12 Schools/KPERS School expenditures do not include all state sources of funding.

Revenues for the Governor's Recommendation reflect Consensus Revenue Estimate from November 2015 as adjusted by the Governor.

Employer contributions to KPERS from the SGF on behalf of state employees are estimated.

The lower section of the table includes adjustments that are embedded in the expenditure categories of the upper section.

Totals may not add because of rounding

* Required ending balances reflect:

Amounts required to satisfy debt service on bonds and provide for orderly payment of bills.

Funds allocated by statute for distribution to specific programs.

Other Key Issues

KDOR Debt Collection

- Alvarez and Marsal (A&M) have recommended filling vacant audit and collections positions at KDOR in order to gain efficiency and effectiveness in debt collection.
- Historically, the average auditor produces about \$900k in collections annually and a collection agent produces \$1 million in collections annually.
- The FY 2016 rescission bill includes a recommendation to fund 21 vacant positions, which is estimated to generate \$7.5 million in additional revenue. The FY 2017 recommendation is to hire an additional 27 staff, along with the 21 staff to be hired in FY 2016, is estimated to generate \$41.7 million.
- In an effort to be conservative with the projection, the KDOR estimate is significantly less than the revenue projection that A&M has provided.

Kansas Bioscience Authority

- At its December meeting, the KBA board voted to shift the organization's mission to the private market in 2016.
- The move will allow portfolio companies to partner with experienced investors in the private sector, retaining KS bioscience jobs and paving the way for the continued growth of the sector in KS.
- The FY 17 revised budget includes a \$25 million revenue transfer to the SGF from the initial returns on the sale of the KBA assets to private investors. It is expected that the sale will yield additional returns.
- This would require enacting legislation, as the authorizing KS Economic Growth Act requires legislative approval for the disposition of assets.

Other Key Issues

Information Technology and the Educational Building Fund

- FY 2016 budget had \$15 million of savings from IT efficiencies and projects in Cabinet agencies.
- The FY 2016 revised budget recommends reducing the \$15 million of savings to \$7 million.
- To offset the reduction, the FY 2016 budget recommends adding flexibility for the Regents Universities to spend \$8 million of an Education Building Fund balance on IT in order to reduce the Higher Education Block Grant by the same amount.
- Total expenditures remain the same as in the FY 2016 approved budget between the Higher Education block grant and Education Building Fund

Proviso's

- Parents as Teachers means testing
- Change IT certification of FY 2016 savings from \$15.0 to \$7.0 million
- Allow Educational Building Fund balance of \$8.0 million in FY 2016 to be spent on IT services.
- Ability for Dept. of Revenue to send post cards for renewal notices
- Two year moratorium on 80% of surplus property going to KPERS and instead 100% goes to SGF
- Adjutant General to use sale of Wichita property on general repairs and maintenance of facilities

Other Key Issues

Budget Bills

- Rescission Bill for FY 2016
- Supplemental Bill for FY 2017
- Judicial Bill for FY 2016 and FY 2017

Enacting Legislation Needed

- Medicaid Step Therapy for FY 2017 savings
- KBA Privatization for FY 2017 revenue

A&M Recommendations
