January 29, 2016

Ways and Means Committee Chair,

Please consider the language in HB2530, page 5 paragraph (e) and the negative impact that it will have on the County Treasurer's office staff as well as our tax paying customers.

If passed, it will certainly increase our wait times in our office as most of our customers will not bring in the necessary paperwork we need in order to process their tag renewals. Our office will be forced to "find" all of their vehicle information with little to no useful information from the customer.

It will also increase our volume of telephone calls from tax payers wanting to know how much they will owe before they come into our offices. In order to give them this information, we will have to "search" for their information with little to no useful information from the customer.

I would appreciate your "NO" vote on this bill.

Thank you for your time and consideration.

Sincerely,

E. Rebecca Fields
Harvey County Treasurer
