House Education Committee

Testimony in Support of SB 188

Mr. Chairman and members of the Committee;

Thank you for the opportunity to speak in support of SB 188. This bill is a follow up to current K-12 transparency law from two years ago. It is designed to encourage compliance with current law, as it has largely been ignored by most school districts. It provides clarification as well as additional information important to parents and the public as a whole. Public transparency is paramount, and I am proud to support SB 188.

I am here to ask you to pass Senate Bill 188 out of committee.

I will be glad to stand for questions at the appropriate time.
