Chairman Brunk and Federal and State committee members,

I stand in strong support of HB2075. Having personally utilized this room several times and find it to be a haven where I can retreat from the pressures of the moment and relax for a few minutes.

It doesn't matter what faith you are or what philosophy you adhere to, this room can be utilized by anyone for prayer, quiet reflection, meditation or just getting away from the noise of the day.

Putting this in statute ensures that future generations of Kansans who work in or are just visiting our beautiful Capital building will be afforded the same benefit we now enjoy with this room.

I ask for your support of HB2075.

Thank you for your time.

Respectfully,

Rep. Randy Garber
