

Representative Steve Brunk
Chair
House Federal and State Affairs Committee

March 30, 2015

Dear Chairman Brunk and Members of the Committee,

I represent InterVarsity Christian Fellowship at the University of Kansas; we support SB 175. It is essential that religious groups continue to be able to use religious criteria while determining leadership. Without that protection the integrity of religious groups is compromised and the university that is the place of ideas loses voices. I respectfully ask for your support of SB 175.

Thank you.

Sincerely,

Jamie Veeder
