POSITION STATEMENT

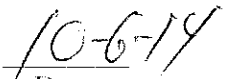

SUSAN B. ALLEN MEMORIAL HOSPITAL BOARD OF TRUSTEES

In support of the Kansas Hospital Association and their advocacy efforts on behalf of all Kansas hospitals, The Susan B. Allen Memorial Hospital Board of Trustees approved the following position statement on Friday, September 19, 2014:

Kansas should thoughtfully develop a unique, Kansas-based solution that takes advantage of the federal funds to build upon and improve our current KanCare program. The cost of caring for those who would be covered by KanCare expansion is already being absorbed by hospitals, health care providers, businesses and other payors.
