WRITTEN TESTIMONY IN SUPPORT OF HOUSE BILL 2298

Chairman KleeB and Members of the House Taxation Committee

I am submitting this testimony to strongly support HB2298, which is an act concerning economic development as related to rural opportunity zones. It is time to remove the sunset from the ROZ Program.

The Program has proven its worth over and over again. It is now time to make this highly successful job growth program a permanent fixture in Kansas. It has also brought residents to the participating counties that would not be there without the ROZ Program.

I ask your support of HB2298.

Respectfully submitted,
