House Bill 2415 – Testimony of support

Dear Chairman Kleeb and Committee,

Thank you for so quickly introducing and hearing a bill which is very important to us. Our fire district consolidated with another fire district in 2010. At that time we inherited a 15 mil cap and have been operating for the past several years dipping into our reserves and respectfully request that the cap be lifted so that we can meet our responsibilities and duties.

A. J. LANG,

Vice Chair

Johnson Co. Consolidated Northwest Fire District
