Dear Committee Members:

We, the commissioners of Gove County, support the need for the airport ambulance for the Gove County Medical Center in Quinter. The Quinter airport Project could provide a very beneficial service with medical support for our county hospital. We also support the Sales tax exemption & property tax exemption House Bills for the Gove County Healthcare Endowment Foundation Airport project. This would be a very valuable service to the citizens of Gove County.

Sincerely,

Handwritten signatures of Michael Gillespie and Charles A. Kuntz. The signature of Michael Gillespie is written over the signature of Charles A. Kuntz.
